Seeking an entry-level position in one of fields of Computer science as a team worker with a big company that makes use of good brains will fully utilize my academic background, and further develop my technical skills.

EDUCATION

Bachelor of Information Technology

June 2006

B.Sc. of Information Technology June 2006.

Faculty of Computers & Information.

Grade: good.

Graduation Project: *E-Learning System (Developing of E-Learning Systems)*

It is a system allows E-learner (E-Student) to learn online and allows more cooperation between teacher and student.

Grade: Excellent (91 %).

CERTIFICATIONS

ICDL (My ID UN03071327).

J2SE (in progress).

CCNA (Academic certification-Ready to enter commercial exams).

PROJECTS & WORK EXPERIANCE

Position	programmer
Description	<ul style="list-style-type: none">E-Learning System(Developing of E-Learning Systems) System aimed to interactive learning process between the teacher and student by chatting and forums and online materials.
Technologies	ASP, Sql Server ,HTML, FLASH

Position	programmer
Description	<ul style="list-style-type: none"> • A website for a faculty of agriculture, Minufya University It is a digital library system for Accessing researches and downloading files. www.agrecores.edu.eg
Technologies	Php,MySQL,JavaScript,Html

Position	programmer
Description	<ul style="list-style-type: none"> • My PhotoShop An interactive program able to read the pictures in and applying the famous filters in the photos such as edge detection.
Technologies	C++ Builder

Position	programmer
Description	<ul style="list-style-type: none"> • HDLC Simulation It is simulation to Protocol.
Technologies	C++ Builder

Position	programmer
Description	<ul style="list-style-type: none"> • DataBase Hotel It is a system for hotels to store clients' information (booking information) and printing the bill when leaving the hotel.
Technologies	Java

Position	programmer
Description	<ul style="list-style-type: none"> • DNS Protocol It is a system for translating Website address to its IP (Domain Name Server).
Technologies	C++ Builder

Position	programmer
Description	<ul style="list-style-type: none"> • Encryption and Decryption System. It is a system for doing encryption and Decryption for text. Lot algorithms were implemented in this system.
Technologies	C++

Position	programmer
Description	<ul style="list-style-type: none"> • Taxi Driver Agent. It is a simulation system for intelligent Car.
Technologies	C++ Builder

There is a sample of my programs attached with this CV

Description

Operating System:

- MS-DOS, MS-Windows.
- Linux (Red-Hat).

Programming Languages:

- Java.
- Jsp.
- C++ builder
- C/C++.
- Matlab.
- Prolog.
- OpenGL under Java.
- PHP (professional).
- JavaScript and Css(very good).
- PL/SQL.

General

- Object Oriented Programming and System analysis using UML and SDLC.
- Geographical Information Systems fundamentals.
- Design patterns (in progress).

Web Technologies

- HTML.
- Java Script and CSS.
- Jsp.
- Php.
- XML (in progress).
- VRML (Virtual Reality Markup Language).

<p>Description</p>	<p><u>Databases:</u></p> <ul style="list-style-type: none"> • Oracle 9i. • My-SQL. • MS-Access. <p><u>Development IDE:</u></p> <ul style="list-style-type: none"> • Net-Beans. • J-Developer. • J-Builder. <p><u>Networks:</u></p> <ul style="list-style-type: none"> • CCNA (Ready to Enter Commercial Exams). • Very Good Experience in wireless networks. <p><u>Case Tools:</u></p> <ul style="list-style-type: none"> • Visible Analyst. • Enterprise Architect. • Cyber Prise. <p><u>Other Softwares:</u></p> <ul style="list-style-type: none"> • 3DMax. • Adobe PhotoShop 9.0. • Image Ready. • Macromedia Dreamweaver MX 2004.
---------------------------	--

<p>Theoretical knowledge</p>	
<p>Description</p>	<ul style="list-style-type: none"> • Thorough Understanding of the Object Orientation Concepts. • Documenting and Designing applications Infrastructures. • Understanding of Database designing concepts and Normalization. • Good knowledge of Networks Protocol and architectures concepts. • Good understanding of Systems Analysis and Design concepts.

Interpersonal Skills**Description**

- **Hard worker and willing to learn new technologies.**
- **Good research abilities.**
- **High communications skills.**
- **Self Motivated.**
- **Team player and able to work under pressure.**

Language Skills**Arabic
English
French**

- **Mother tongue.**
- **Very Good.**
- **Fair (currently enhancing).**

Personal details**Date of Birth:** 11-July-1985.
Nationality: Egyptian.
Gender: Male.
Marital status: Single.
Military service: Finished.**Awards**

- **My faculty chose me with two of my colleagues to make a web site for the faculty of agriculture that is my first real work this site is programmed by php , mySQL , javascript , HTML , flash .**
- **I Worked at many places as a maintenance engineer .**
